SL/930 DOUBLE-TIER KEYBOARD SLANT STAND WITH FULLY ADJUSTABLE TIERS

- Solid steel construction provides maximum sturdiness and ensures excellent structural support.
- Exclusive, patented foldable design of tiers and base allows to set up and fold down the stand in a snap, with no loose parts, to a very compact size for convenient storage and easy transport.
- Fully adjustable tiers can be quickly set at either one of 14 height positions and 5 angle positions, and feature telescoping depth to accommodate virtually any size keyboard and controller up to 14.9" (38 cm) deep, as well as drum machines and sound modules.
- Stylish, contemporary base design provides plenty of room for volume, sustain and control pedals.
- Perfect solution for home studio and live performance, the SL930 slant stand offers an ideal option for in-store display applications as well.
- A complete line of options and accessories, including a mic boom arm and a sheet music holder, a laptop and a tablet holder, allows the user to customize the SL/930 stand to perfectly fit their needs.
- Non-reflective, powder-coating black enamel finish.
- Includes nylon carrying bag and one accessory clamp required for connection of optional accessories (can be easily removed if not needed).

M/91 "THE MONOLITH", SINGLE-TIER KEYBOARD STRUCTURE

- Quik-Lok announces a breakthrough in keyboard stand development never before seen.
- The "MONOLITH" represents all of the requirements of today's keyboard players by incorporating a blend of form, functionality and lightweight portability.

Form: A revolutionary patent-pending design concept developed by a team of Italian engineers and designers.

Function: The unencumbered shape allows keyboard players to freely perform without any restrictions.

Foldable: Form and function are combined in a stand that literally folds flat and locks in seconds to a compact transportable size.

- Other key features that make the Monolith the most complete keyboard stand ever developed:
 - * Height adjustable tiers
 - * Computer-welded, lightweight steel

NEW "PRO SERIES" LINE OF HEAVY DUTY KEYBOARD "X" STANDS

- The absolute hands down choice of most professional musicians for home studio and live performance because of their adjustability, functionality, strength and reliability.
- Built using heavy duty 30x30 mm dual steel tube bracing for extra sturdiness and structural support, the new "PRO Series" stands are capable of holding the heaviest keyboards safely and securely.
- This high-tech line of stands features "The Original" locking disc system, redesigned to incorporate the new user-friendly pull-lever device that allows musicians to instantly open and close the stand, setting it at any one of 5 positive-lock height adjustment positions.
- The innovative, advanced-technology upper tier set found on the double and triple tier stand models incorporates newly designed, high-precision zinc-alloy discs that make it fully adjustable in height, angle, tilt and depth, to offer the musician maximum flexibility of use.
- Sleek, stylish rotating levelling foot and rest pad compensate for uneven floors and keyboards.
- Supplied with convenient cable management clips.
- A complete line of accessories allows musicians to customize their performance structure to accommodate their needs perfectly.

"TRIGGER-LOK" SERIES OF HEAVY DUTY KEYBOARD "X" STANDS

- The ingenious "TRIGGER-LOK" system designed by QUIK-LOK houses five positive-lock height positions and is completely sealed exposing no parts.
- The mechanism allows the user to instantly open and close the stand from the top tiers without having to push or pull any knobs or buttons on the center disc, but simply squeezing the trigger and releasing it once the stand is positioned at the desired height.
- Constructed using heavy duty 30 x 30 mm steel tubing for extra sturdiness and structural support, these stands are strong enough to hold keyboards up to 200 lb (90 kg).
- Sleek, stylish rotating levelling foot and rest pad compensate for uneven floors and keyboards.
- A complete line of options and accessories, including second tier add-ons, a mic boom arm and a sheet music holder, a laptop and a tablet holder, allows the user to customize any stand to fit their needs at best.

“T-REX” FLAGSHIP LINE OF KEYBOARD “X” STANDS FEATURING THE “DINO- BITE” LOCKING DISC

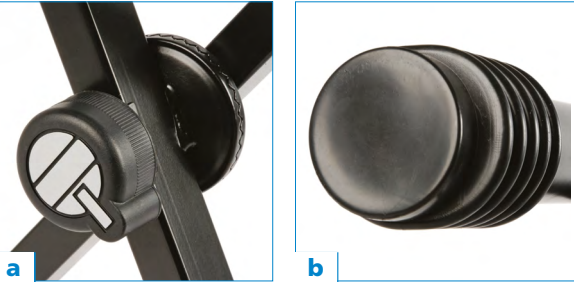

- After many years of unparalleled success and worldwide popularity, Quik Lok is glad to announce the restyling of their two best selling keyboard “X”-stand models, the T/10 and T/20 single-tier stands, now redesigned to incorporate new, stylish and contemporary features.
- At the heart of all “T-reX” stands is the renowned “DINO-BITE” all-steel locking disc.
- Solidly constructed with high-grade steel for consistent high-quality and years of reliability, by virtue of the new enhanced aesthetics and increased functionality, the “T-reX” line of keyboard stands now offers more value to musicians than ever before!
- Adjustments are made easily by simply loosening the center knob, moving to any one of the 9 usable, non-slip height adjustment positions, and then re-tightening.
- Rotating levelling foot and rest pad compensate for uneven floors and keyboards.
- A complete line of options and accessories, including second tier add-ons, a mic boom arm and a sheet music holder, a laptop and a tablet holder, allows the user to customize any stand to fit their needs at best.

10.00065

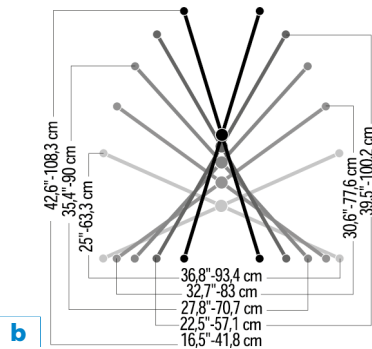

Multifunction heavy duty "X" stand with collapsible telescopic tiers

- Features "The Original" QUIK LOK locking disc system with "T"-pull handle, a battle-tested device accepted as the industry standard since 1978.
- Uniquely designed to incorporate collapsible, telescopic tiers that can be independently height adjusted, this stand excels in versatility and strength. It can be set to any number of straight or sloped height positions by simply adjusting the locking telescopic tiers.
- Constructed using super heavy duty 30x30 mm steel tube bracing for extra sturdiness and structural support, the BS/619 is capable of holding the heaviest keyboards safely and securely.
- It is also the ideal stand to hold guitar, bass or keyboard amps and rack cases up to 180 lb (81 Kg).
- It securely holds medium-sized speaker cabinets in tilt-back or straight positions and can be used for side-fill or stage monitor applications.
- Folds down to only 71 cm (28") for convenient storage and transportation.
- A complete line of options, including the QLX/3 second tier add-ons, QLX/4 mic boom arm, QLX/5 sheet music holder, the LPH/X laptop and IPS/13 tablet holders, allows the user to customize this stand.

Leg depth:	19.5" - 49.5 cm
Tier depth:	13.75" - 34.9 cm
Folded height:	28" - 71 cm
Upper brace tube size:	25 x 25 mm
Lower brace tube size:	30 x 30 mm
Tier tube size:	30 mm
Weight capacity:	180 lb - 81 kg
Weight:	9.5 lb - 4.3 kg
Color:	Black

- a. BS/619 with QLX/3 add-on tiers folded down becomes the smallest available double keyboard stand on the market
- b. BS/619 Height & width positions

GET A SYSTEM! NOT JUST ANOTHER "X" STAND WITH THE COMPLETE LINE OF QUIK LOK ADD-ONS

- When you buy a Quik Lok stand, you just don't buy any "X" stand, you invest in a system!
- This system can be configured in a variety of ways to fit any keyboard players' needs.
- A complete assortment of options are available for the entire "X" series keyboard stands offered by Quik Lok.
- A new, strong, non-slip, lightweight aluminum alloy locking collar *(Patented Design) called the "Grip Lok 30™" is used to anchor the accessories to the top tier of any "X" style stand having 30 mm diameter tubing.
- The QLX/4 mic boom and/or QLX/5 sheet music holder can also be piggy-backed to the QLX/3 second tier.
- To keep pace with the new demands of making music, Quik Lok has also developed the exclusive, versatile LPH/X laptop holder, as well as the IPS/13 universal tablet holder add-on.

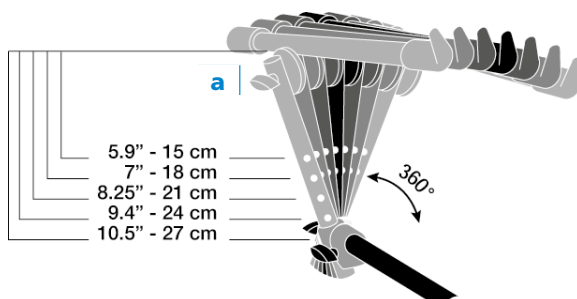

QLX/3 10.00133

- Height, Tilt, Angle & Depth Adjustable Second Tier Add-on
- Five position height adjustment
- Three position angle adjustment
- 7.6" (19.5 cm) depth adjustability range
- QLX/4 Mic boom or QLX/5 music holder can be added, as well as IPS/13 universal tablet holder and LPH/X laptop holder
- 75 lb (33.8 kg) weight capacity

Tier depth:	14.3" - 36 cm
Attaching collar:	Grip-Lok / 30
Weight capacity*:	75 lb - 33.8 kg
Weight:	5.5lb - 2.5 kg

a. QLX/3 Height & angle adjustments

QLX/4 AM 10.00134

QLX/4 EU 10.00135

- Fully Adjustable Telescopic Mic Boom
- The QLX/4 mic boom can be fastened directly on to any "X"-style keyboard stand having 30 mm diameter tiers. An innovative, nonslip, lightweight aluminum alloy locking collar called "Grip Lok" is used to anchor the mic boom to the main tiers or the second tiers of the keyboard stand, or to retrofit it to the QLX3, WS422 and Z727 add-on tiers.

Height positions*:	6.5" to 11.25" 16.5 to 28.5 cm
Attaching collar:	Grip-Lok / 30
Boom length:	22.5" to 40.5" 57 cm to 102 cm
Weight:	2.4 lb - 1.1 kg
Color:	Black

*(measured from top of tier to boom swivel)

LPH/X

10.00763

- Add-on laptop holder for use with X-Series keyboard stands.
- Attaches to the top tier of any "X"-style stand having a 30 mm diameter.
- Can accommodate virtually any size laptop. Four stoppers, adjustable in width and depth, will securely anchor any size laptop, without interfering with input/output ports, expansion slots, cd-rw/dvd drivers, A/C adapter sockets placed on either side of the laptop.
- The laptop tray is height and tilt adjustable, and swivels at 360° to allow for ideal positioning of laptop.
- Equipped with pull-out mouse tray, that can be positioned on either the left or right side of the laptop, and is retractable for easy storage and transport.

Laptop tray dimensions:	10" x 10" 25 x 25 cm
Mouse tray dimensions:	5.3" x 5.3" 13.5 x 13.5 cm
Laptop stoppers width range:	from 10.2" to 16.5" from 26 to 42 cm
Laptop stoppers depth range:	from 10.2" to 16.5" from 26 to 42 cm
Weight capacity:	10 lb - 4.5 kg
Weight:	7.1 lb - 3.2 kg
Color:	Black

**QLX/5**

10.00136

- Fully Adjustable Sheet Music Holder
- The QLX/5 can be fastened directly on to any "X"-style keyboard stand having 30 mm diameter tiers. An innovative, non-slip, lightweight aluminum alloy locking collar called "Grip Lok" is used to anchor the sheet music holder to the main tiers or the second tiers of the keyboard stand, or to retrofit it to the QLX3, WS422 and Z727 add-on tiers.

Height positions*:	6.5" to 11.25" 16.5 to 28.5 cm
Music holder dimensions:	
Width:	17.7" - 45 cm
Height:	12.6" - 32 cm
Bottom lip depth:	2.3" - 6 cm
Attaching collar:	Grip-Lok / 30
Weight capacity:	10 lb - 4.5 kg
Weight:	5.5 lb - 2.5 kg
Color:	Black

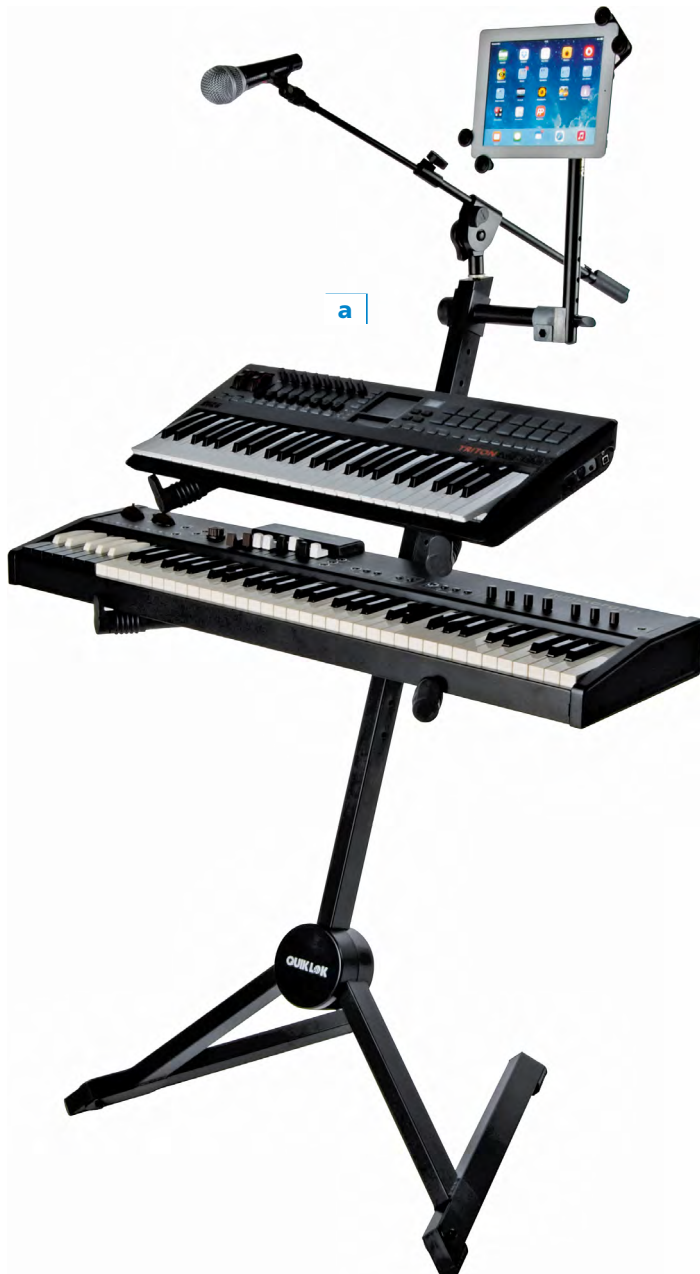

* (measured from top of tier to boom swivel)

- Universal tablet holder
- Clever, safe and practical design allows musicians to integrate their tablet with existing keyboard stands, for use on stage, production studios, in the rehearsal room or at home.
- Will accommodate virtually any size tablet having side measurements ranging from 111 mm to 301 mm (4.37" to 11.85") and depth ranging from 6.9 mm to 18.7 mm (0.27" to 0.73").
- Flexible yet rugged rubberized plastic stoppers will hold the tablet firmly and securely in place, without interfering with dock connector, speaker, headphone jack, on/off and volume buttons.
- No-wobble, lightweight aluminium plate is designed to ensure full tilt and rotational adjustability, and to switch rapidly from the vertical to the horizontal viewing mode without slipping.
- The IPS/13 height-adjustable tablet holder can be fastened directly on to any "X"-style keyboard stand having 30 mm diameter tiers. An innovative, non-slip, lightweight aluminum alloy locking collar called "Grip Lok" is used to anchor the tablet holder to the main tiers or the second tiers of the keyboard stand, or to retrofit it to the QLX/3, WS/422 and Z/727 add-on tiers.

CLAMP/001

10.00213

Adapter clamp for QLX accessories

- CLAMP/001 is the adapter clamp that makes it possible to connect all the QLX series optional accessories to multiple surfaces that otherwise would not allow for them.
- All the QLX series accessories, initially designed exclusively for connection to the 30mm diameter tiers of our X-style keyboard stands, can now be integrated and used with your desk or workstation thanks to the new CLAMP/001 adapter clamp.
- The wide opening of the clamp allows for the attachment to any surface measuring up to 5 cm (1.96").
- By means of 4 supplied screws, the clamp's 30mm diameter tubular section that the QLX accessories need to be anchored to can be positioned both parallel and perpendicular to the tightening knob, ensuring maximum versatility of use in each configuration.
- The inner part of the bracket is covered with a soft-material protective pad that has the dual function of improving grip and avoiding scratching or damaging the surface that the clamp is hooked on.
- QLX-series accessories compatible with the CLAMP/001:
 - * QLX/4 Telescopic mic boom add-on
 - * QLX/3 Second tier add-on
 - * QLX/5 Sheet music stand
 - * IPS/13 Universal tablet stand
 - * LPH/X Laptop stand

**MS/327**

10.01099

- Headphone holder
- Clever, safe and practical headphone holder allows musicians to keep their headphone within immediate reach when not in use, hanging it on any instrument stand or multi-media workstation, for use on stage, production studios, in the rehearsal room or at home
- Solid all-metal holder, with soft rubber foam coating on headphone support, to hold it firmly in place, carefully preserving its finish
- By means of its versatile tightening clamp, the MS327 can be securely anchored to any table top surface, and microphone/sheet music/keyboard/mixer stands of any shape and size ranging from 14 to 48 mm (0.55" to 1.89")

Headphone support width: 3.9" - 10 cm
 Headphone support depth: 1.5" - 4 cm
 Clamp opening: 0.55" to 1.89"
 14 to 48 mm
 Weight: 0.88 lb - 0.40 kg
 Color: Black

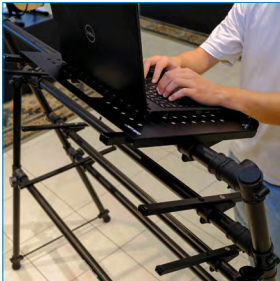

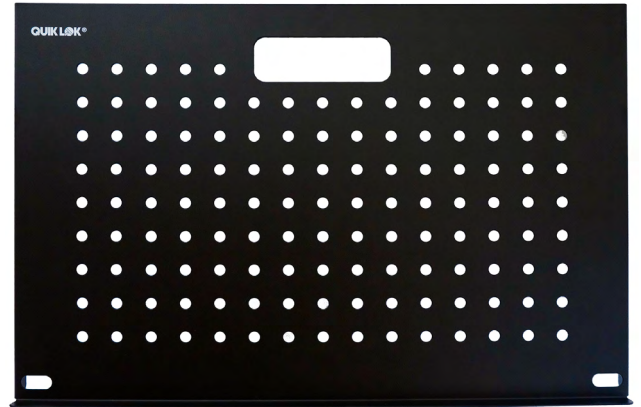

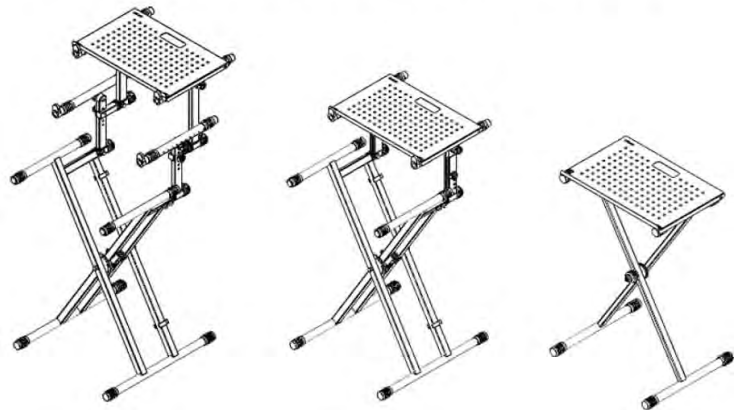

TOP/001

10.00568

- Perforated metal shelf
- Designed to offer versatile solutions for creating a stable support surface for musical instruments and audio equipment.
- It provides ample space to neatly and practically accommodate instruments, accessories, and various equipment.
- Compatibility with X-Style stands: the TOP/001 is ideal for use with X-style keyboard stands such as Quik Lok's QL/723, QL/742, and T/10 models.
- It can also be paired with the MKS4 4-key stand to create a configuration that allows for the organized placement of analog pedals, synthesizers like Korg Volca, and other small accessories.
- The TOP/001 can also be used in conjunction with Quik Lok's QL/400 wheeled stand, enabling greater mobility and ease of equipment transport.

Width: 21.26" - 54 cm
 Depth: 13.78" - 35 cm
 Weight: 4.4 lb - 2 Kg
 Color: Black

**EXAMPLE OF APPLICATION WITH QL723 / QL742 / T10****QL/662**

10.00300

- Large Perforated Metal Shelf add-on.

QUIKLOK®

STANDS APART FROM THE REST

www.quiklok.it

NEW MKS/4 MULTIPLE KEYBOARD STAND

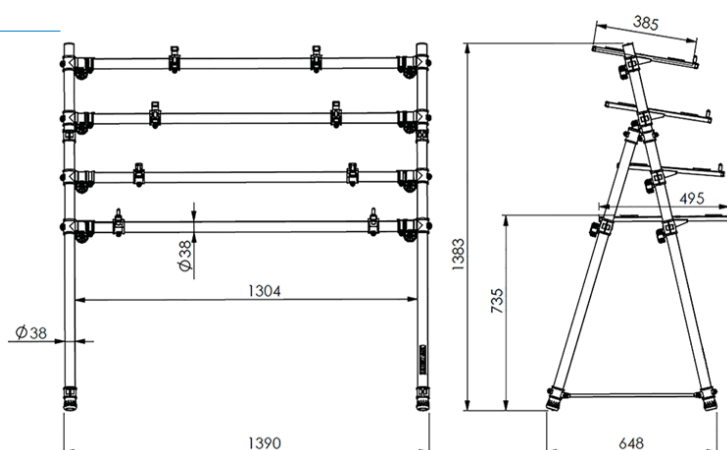

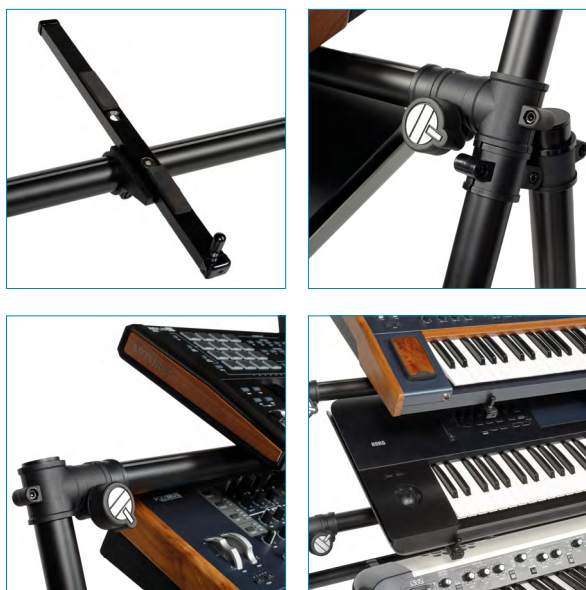

- An ingenious design featuring elegant appearance and characterized by a solid structure made of extruded aluminum alloy to grant amazing lightness while ensuring maximum stability.
- The Quik Lok MKS/4 stand is designed to position keyboards on four different levels. Each one of the top three support crossbars is equipped with one pair of width and angle adjustable tiers, 40 cm (15.75") deep. The lowest level features a pair of arms with extended depth of 52 cm (20.47"), and reinforced dual tubular support that allow to accommodate particularly heavy and deep keyboards.
- Quik Lok's MKS/4 is truly the ideal solution for all players who have a large collection of keyboards, synthesizers, digital pianos and master keyboards, and wish to set up their studio in a neat and compact way.
- Its structure and configuration also make the MKS/4 an excellent solution for in-store and trade shows display of keyboards, and other equipment such as DJ consoles, mixers and more.
- An optional add-on tiers set, model MKS/4 ARM, is available if needed to place two smaller instruments side by side on the same crossbar, to customize the stand and increase the configuration possibilities.

Mouse tray dimensions:	5.3" x 5.3" 13.5 x 13.5 cm
Laptop stoppers width range:	from 10.2" to 16.5" from 26 to 42 cm
Laptop stoppers depth range:	from 10.2" to 16.5" from 26 to 42 cm
Color:	Black

QLX/5	10.00136
--------------	-----------------

- Fully Adjustable Sheet Music Holder
- The QLX/5 can be fastened directly on to any "X"-style keyboard stand having 30 mm diameter tiers. An innovative, non-slip, lightweight aluminum alloy locking collar called "Grip Lok" is used to anchor the sheet music holder to the main tiers or the second tiers of the keyboard stand, or to retrofit it to the QLX3, WS422 and Z727 add-on tiers.

Height positions*: 6.5" to 11.25"
16.5 to 28.5 cm

Music holder dimensions:

Width: 17.7" - 45 cm
Height: 12.6" - 32 cm
Bottom lip depth: 2.3" - 6 cm
Attaching collar: Grip-Lok / 30
Weight capacity: 10 lb - 4.5 kg
Weight: 5.5 lb - 2.5 kg
Color: Black

*(measured from top of tier to boom swivel)

IPS/13	10.01023
---------------	-----------------

- Universal tablet holder
- Clever, safe and practical design allows musicians to integrate their tablet with existing keyboard stands, for use on stage, production studios, in the rehearsal room or at home.
- Will accommodate virtually any size tablet having side measurements ranging from 111 mm to 301 mm (4.37" to 11.85") and depth ranging from 6.9 mm to 18.7 mm (0.27" to 0.73").
- Flexible yet rugged rubberized plastic stoppers will hold the tablet firmly and securely in place, without interfering with dock connector, speaker, headphone jack, on/off and volume buttons.
- No-wobble, lightweight aluminium plate is designed to ensure full tilt and rotational adjustability, and to switch rapidly from the vertical to the horizontal viewing mode without slipping.
- The IPS/13 height-adjustable tablet holder can be fastened directly on to any "X"-style keyboard stand having 30 mm diameter tiers. An innovative, non-slip, lightweight aluminum alloy locking collar called "Grip Lok" is used to anchor the tablet holder to the main tiers or the second tiers of the keyboard stand, or to retrofit it to the QLX/3, WS/422 and Z/727 add-on tiers.

Weight: 2.31 lb - 1.04 kg
Color: Black

QLX/4 AM	10.00134
-----------------	-----------------

QLX/4 EU	10.00135
-----------------	-----------------

- Fully Adjustable Telescopic Mic Boom
- The QLX/4 mic boom can be fastened directly on to any "X"-style keyboard stand having 30 mm diameter tiers. An innovative, nonslip, lightweight aluminum alloy locking collar called "Grip Lok" is used to anchor the mic boom to the main tiers or the second tiers of the keyboard stand, or to retrofit it to the QLX3, WS422 and Z727 add-on tiers.

Height positions*: 6.5" to 11.25"
16.5 to 28.5 cm
Attaching collar: Grip-Lok / 30
Boom length: 22.5" to 40.5"
57 cm to 102 cm
Weight: 2.4 lb - 1.1 kg
Color: Black

*(measured from top of tier to boom swivel)

MS/327

10.01099

- Headphone holder
- Clever, safe and practical headphone holder allows musicians to keep their headphone within immediate reach when not in use, hanging it on any instrument stand or multi-media workstation, for use on stage, production studios, in the rehearsal room or at home
- Solid all-metal holder, with soft rubber foam coating on headphone support, to hold it firmly in place, carefully preserving its finish
- By means of its versatile tightening clamp, the MS327 can be securely anchored to any table top surface, and microphone/sheet music/keyboard/mixer stands of any shape and size ranging from 14 to 48 mm (0.55" to 1.89")

Headphone support width: 3.9" - 10 cm

Headphone support depth: 1.5" - 4 cm

Clamp opening: 0.55" to 1.89"

14 to 48 mm

Weight: 0.88 lb - 0.40 kg

Color: Black
